RESOLUTION URGING THE NEW JERSEY BOARD OF PUBLIC UTILITIES TO REQUIRE LANDLINE AND WIRELESS TELEPHONE SERVICE UTILITIES TO IMPLEMENT THE NECESSARY TECHNOLOGY TO BLOCK ROBOCALLS TO THEIR CUSTOMERS, FREE OF CHARGE, AND TO ENACT REGULATIONS TO PREVENT ROBOCALLS FROM REACHING CUSTOMERS

WHEREAS, a “robocal” is a telephone call often placed by telemarketers who use a computerized auto dialer to deliver a pre-recorded message; and

WHEREAS, “telephone scammers” are individuals or groups that make unsolicited phone calls to individuals with the purpose of stealing money or personal information. Scams may come through phones calls from real people, robocalls, or text messages. The scammers often make false promises, such as opportunities to buy products, invest money, or receive free product trials. Scammers may also offer money through free grants and lotteries. Some scammers call pretending to be from government agencies, such as the IRS with threats of jail or lawsuits if they are not paid; and

WHEREAS, “neighbor spoofing”, otherwise known as “NPA-NXX spoofing”, is a form of caller ID Fraud used by telemarketers, scammers, and robocallers. “Neighbor spoofing” uses auto-dialing and VoIP (Voice over Internet Protocol) services to send unsolicited phone calls. These calls have an outgoing caller ID that closely matches your area code and phone number. By mimicking their caller ID as closely as possible to the phone number they are placing the call to, spammers can trick more of their targets into answering the phone. This strategy ultimately increases the odds spammers will successfully get victims to give up personal information scammers can use to steal; and

WHEREAS, under Federal law, written consent is required for all robocalls or texts made to a wireless telephone number based solely on an “established business relationship” with the customer; and

WHEREAS, robocalls and scammer calls have increased in recent years because new technology has made it cheaper and easier for telemarketers and scammers to make calls from anywhere in the world while hiding their identities by displaying fake caller identification information by using, among other devious tactics, “neighbor spoofing”; and

WHEREAS, most telephone users consider robocalls and scammer calls to be a nuisance and disruptive and are frustrated with their inability to stop scam or robocalls; and

WHEREAS, scammer calls in particular place unknowing individuals of our community in peril of economic and emotional hardship; and

WHEREAS, while New Jersey and other States have enacted laws to curtail unwanted scammer

and telemarketing calls including robocalls, enforcing these laws has proven difficult as many of the unwanted telemarketing and scammer calls originate out-of-state or from foreign countries; and

WHEREAS, there is technology available that could block scammer and robocalls from reaching customers; and

WHEREAS, landline and wireless telephone service providers are, for the most part, Public Utilities and within the governing purview of the New Jersey Board of Public Utilities; and

WHEREAS, landline and wireless telephone service providers can implement the necessary technology that would block robocalls from reaching customers; and

WHEREAS, the New Jersey Board of Public Utilities should enact the necessary regulations to require landline and wireless telephone service providers to block robocalls from reaching their customers.

NOW THEREFORE BE IT RESOLVED, by the Mayor and Council of the Township of River Vale that the New Jersey Board of Public Utilities is to respectfully urge landline and wireless telephone service providers to implement the necessary technology to block scam and robocalls to their customers, free of charge, and to enact regulations to prevent scam and robocalls from reaching customers.

BE IT FURTHER RESOLVED that copies of this resolution shall be sent to the New Jersey Board of Public Utilities and to River Vale’s Representatives in the New Jersey State Senate and House.
