

History of River Vale

by Dwight de Stefan
Robert Secor
Helen Whalen

History of River Vale

"This book adds to those earlier efforts by putting stories as to how and why people first came to River Vale. We start to learn about street names that sprinkle our town and find that "James Lane" was not just the first name of a son of a developer, but a real person who lived in River Vale and one who helped craft what it is today." *Mayor Joseph Blundo*
