Kids are the top chefs in our fun-filled programs brought to you by the CHEF IT UP 2 GO-Bergen Co. Travel Team! Each week the menu and program changes, but the fun never ends! We will be having so much fun experimenting with new foods to try and using the best ingredients for the season we are in! We will show the kids that learning about food is also fun! We will have classes using kitchen gadgets, have totally cool cooking battles, visit different countries and much more!
